Linking Insights to Information

Get ready for our upcoming live webinar.

Monthly Newsletter

May 2021 Edition

Get your hands on life hacks for global Product ISVs through our recent webinar on “Supporting QA, the Smart Way: Use Cases and Life Hacks for Product & Platform Companies”, check out the link below. Following close on its heels, this month is our next live webinar on Kubernetes for Edge and we are excited to meet you online! You can register through the link given below. You can [WRITE TO US](#) to know more about the webinar and to collaborate with us for any of our future webinars.

- Somenath Nag, VP – Marketing

You can also connect with Somenath on [LinkedIn](#) and [Twitter](#) for a quick chat.

We are coming up with our next webinar on

Demystifying Kubernetes for Edge

You're invited
